MISS MITCHELL GAINS 18 POUNDS

Prizes Tanlac for Restoring Her to Old Time Self.

Had Thought She Would Never Be Well Again.

Finds Splendid Now and Can Eat Anything She Wants.

The remarkable reconstructive power of Tanlac are further attested in the case of Miss Silly Mitchell, a popular young lady, residing with her mother at 2725 Fairview street, Los Angeles, Cal.

"Before I began taking Tanlac," said Miss Mitchell, "I was in a dreadful state of health and my condition could not possibly have been much worse. I was actually blind and deaf, and had just about given up all hope of ever being well again. But now, after taking only four bottles of Tanlac, I feel as well as I ever did in my life, and have actually gained eighteen pounds in weight."

These years ago I continued to have more and more trouble. Then, on top of this, about a year ago I had a severe attack of the flu, and was left in such a weakened condition I was unable to get up for four months, unable to walk a step. My appetite left me entirely, and I was so weak I could hardly raise my hands, and it was even an effort for me to talk. I was so weak that the least little noise or excitement caused me to tremble like a leaf, and it was utterly impossible for me to get a good night's sleep.

I had tried many different medicines, but nothing seemed to do me a particle of good. At last a friend of mine told me to try Tanlac, which I did, and I commenced feeling better with the first bottle. As I continued taking it I continued to improve, until now I have a new appetite, and am as healthy as a horse. I just feel so good and am so full of life my friends say I am like a different girl. It is a real pleasure for me to be so well again. I have the wonderful benefit I have received from it."

Tanlac is sold in Los Angeles, Pasadena and San Diego by The Owl Drug Store under the personal direction of a special Tanlac representative—Advertisement.

BUILDER KILLED AS PLANE FALLS

Homemade Aircraft Crashes to the Ground.

Made Two Successful Flights Before Accident.

Heavy Load Said to Have Been Cause of Fall.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, May 23.—W. K. Bauhaus, airplane constructor of Carpinteria, was killed today when his homemade plane crashed to the ground.

Bauhaus, 35, was flying a biplane which he had built himself. It was carrying a heavy load of mail and was flying over the ocean when it crashed.

The plane was seen to be in trouble and to be falling. It crashed into the water and Bauhaus was killed.

Bauhaus had made two successful flights before the accident. He was a well-known pilot in the area.

The cause of the crash is believed to be the heavy load. The plane was not designed to carry so much weight.

The wreckage of the plane was found in the water. Bauhaus' body was recovered and taken to the shore.

The accident has caused a great deal of concern in the area. It is a reminder of the dangers of flying.

Bauhaus was a well-known figure in the community. He was a successful businessman and a skilled pilot.

REDUCED SALES, YET INCREASED PROFITS.

LEMON GROWERS OF SAN DIMAS HAVE PROSPEROUS SEASON.

(LOCAL CORRESPONDENCE.)

GLENDORA, May 23.—Although the sales of the San Dimas Lemon Association were approximately \$1,000,000 less to date this year than in the corresponding period of 1935, receipts so far this season have equalled those of the previous one, which means a much greater net profit, according to the report made by the manager of the association, T. Roe Hobbs of San Dimas, before the semi-annual meeting of the association at the Glendora Methodist Church.

Receipts to date total \$2,123,785, and many more cars will be shipped before the end of the season, September 1.

Bones sold to date this season number 143,771, as compared with 184,864 last year, or a decrease of 41,093, but the price last year averaged 24 cents less per box than that of 1935.

Shippers are out of season, according to the report, which is more than ever before at this time. There are 125 cars in storage at present, divided between the San Dimas and the Glendora lemon boxes.

An estimate of shipments to be made up to the end of the season is figured by Mr. Hobbs as 745, as compared with 850 last year, or a decrease of 105 cars over last season.

Orders for lemons are still coming in very briskly according to the report, being more than the association can fill and all are at a fairly satisfactory price.

T. E. Powell, lemon sales manager for the California Fruit Growers Exchange, spoke on the importance of lemons and the future of the local industry. He displayed charts which corroborated his prediction that the San Dimas lemon will be a big factor in the California fruit product in greater demand, every year, and that importation is practically a thing of the past.

TRAINING SHIP DUE

State of Washington Craft Comes to Local Harbor.

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, May 23.—The training ship Vicksburg, which is maintained by the State of Washington, is due here tonight for a stay of four days. After a visit to this port, San Diego and Avalon the ship will return to Seattle.

The ship is in command of Capt. E. F. Eckhardt, who believes in the good old-fashioned training that makes real sailors. After clearing from San Pedro the ship will be put out and only sail used.

The vessel has only two masts and will be rigged as a brigantine. The cadets have already become proficient in the use of the ship's equipment, and according to Capt. Eckhardt, will make the best kind of officers for the new merchant marine. Local shipyards are agitating an appropriation for a similar ship in California.

TO RELIEVE SHIPPERS.

(LOCAL CORRESPONDENCE.)

REDLANDS, May 23.—C. M. Brown, well-known independent packer here, has a telegram from J. W. McChesney, former manager of the Pacific Fruit Express, now with the Fruit Packers in Chicago, saying that great trains of empty reefers are being sent from Chicago to California to handle the crop.

This will be great news to the orange and grape shippers and also the cannery and vegetable men.

Schools and Colleges of Pomona Valley Have Big Classes.

(LOCAL CORRESPONDENCE.)

POMONA, May 23.—About 375 students will graduate from Pomona Valley institutions of learning in the period that begins on June 16 and ends June 21. Of these, the largest class is that of the Pomona High School, with 130, which is about twenty-five more than the number of any previous senior class. Next in number comes Pomona College, with about thirty, who graduate on June 21, while the Pomona High School graduation falls on June 16.

Owing to a consolidation of classes two years ago, the present Pomona High School seniors are considerably over the average number, but in small compared to next year's class, which is expected to be more than 125 above the average, as there are now 250 in the junior class.

Claremont High School holds its graduation exercises on June 16, according to the tentative plan, which had to be changed from June 15 because of the date of the Pomona High School graduation.

Farwell program by Miss Harriet Farnsworth, head of the vocal instruction at the college, who is leaving to continue her career as a contralto in New York.

About thirty students will graduate from Claremont high.

Chino High School will graduate seventeen students of which ten are girls and seven boys. Graduation exercises will be on June 17.

Redlands High School is a junior institution serving the cities of La Verne and San Dimas, will graduate eight seniors, equally divided between boys and girls. This graduation also comes on June 17.

FORMER MAYOR INJURED

Accident Knew Secret.

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, May 23.—Charles E. Sebastian, former Mayor and Chief of Police of Los Angeles, was injured in an automobile accident here Thursday night. It became known today, although no police report was made of it. He suffered a dislocation of one hip and was treated by Dr. W. H. Guidinger, police surgeon at the San Pedro station, and sent home. Sebastian had been working in San Pedro on an investigation for the District Attorney. It was stated, and accepted by the invitation of a friend to ride back to Los Angeles. It was late at night and the car ran into another while crossing Wigner Slough. Sebastian was thrown to the hard roadway and brought back to San Pedro for treatment.

THEATER AT POMONA.

(LOCAL CORRESPONDENCE.)

POMONA, May 23.—A modern moving-picture house, with a seating capacity of at least 1500 people, will be completed and ready for occupancy here within a year, it was announced yesterday by Harry Lewis of the Lewis & Bryn outfit, which recently purchased the Belvedere and American theaters from F. M. Smith.

Decision as to the building site has not been made, although some of the contractors for the construction and equipment have already been let. It will not be a moving-picture theater only, as the stage will be as large as many houses devoted to the motion picture and it is planned to bring legitimate theater companies here, as well as possible arrangements that may bring stock companies here for protracted engagements.

WHAT'S DOING TODAY.

Peace residents of Monterey must tonight (Monday) vote on the proposed annexation of the city to the county. The vote will be held at 8 p.m. at the Monterey Hotel. The annexation would add 100 square miles to the county and 10,000 people to the city.

UNPLEDGED VOTE IS IN MAJORITY.

Republican Convention Situation Unprecedented.

Uninstructed Delegates Will Control Nomination.

No Candidate Has More Than 150 Instructed Votes.

(REUTERS DISPATCH.)

CHICAGO, May 23.—Uninstructed and unpledged delegates for the first time in the history of the Republican party, will compose a clear majority of a national convention, at the Coliseum here two weeks from Tuesday.

Two State delegations only remain to be named—those of West Virginia and Texas with fourteen and twenty-three delegates respectively. The West Virginia men will be instructed either for Gen. Wood or for Senator Sutherland of that State, a direct primary to determine tomorrow.

The Texas delegations will be chosen at a State convention tomorrow at Austin. Contesting delegates will appear, as usual, from each of the Texas districts and from the State at large, with neither side instructed for any candidate.

The aggregate of uninstructed and unpledged delegates will be nearly 500 greater than the majority required to nominate, and this may be reduced by as much as 100 by the action of the delegates from the States of West Virginia and Texas.

It is understood that public announcement will be made this week of the definite plans of the leaders in the "unpledged" movement. Early in the morning of the convention, the leaders will be expected to make a statement to the press.

At a meeting of the Alliance of Social Agrarians at 2 p.m. tomorrow in St. Paul's Parish House, Bishop Johnson and Mrs. J. S. Johnson, Jr. will speak on "The Bishop's Guild." The proposed consolidation of the city and county social welfare commissions will be discussed also.

For Better Americans. All will be welcomed at the dinner to be given by the Better American Federation of California at the Alexandria Hotel this evening. Plans for a membership drive that is to begin at once will be discussed. The object of the association is to suppress Bolshevism and to spread the doctrine of Americanism.

At City Club Open Forum. Officers and members of the San Pedro Chamber of Commerce will present their claims for fair play as promised by the people of Los Angeles when annexation was proposed to the harbor town at the open forum of the City Club this evening. Club members and other guests will dine together at 6:30 p.m. and the discussion will begin an hour later.

Do Advertising Club. Mal. Walter Tuiler will speak on "Our Military Memorials." Monday's feature will be "What Do Our Military Dead Bequeath to America?" and Mrs. Charles H. Jeffers, who recently returned from a tour of "American Soldiers' Cemeteries in France," at a meeting of the Advertising Club at noon tomorrow at the City Club.

Scandinavian's Draft Plans League Court. DUTCH GOVERNMENT MAKES PUBLIC PROPOSAL OF NEUTRAL COUNTRIES.

(A. P. FOREIGN CORRESPONDENCE.)

THE HAGUE, May 23.—A draft of the permanent court of international justice of the League of Nations, as it has been offered to the secretaries of the League in the name of Norway, Sweden, Denmark, Switzerland and Holland, has been made public by the Dutch government. It is the result of the conference held in the Peace Palace, at The Hague in February.

According to the plan the court would consist of fifteen judges and six substitutes, who must all be recognized authorities on international justice. Its members would be chosen by the Assembly of the League; the judges to be appointed for nine years, the substitutes for six.

The members would be elected without regard of their nationality but no more than two judges of the same country could hold office in the court. They would be re-eligible but they would have to resign when 65 years old. The salaries of the judges would be fixed and paid by the League.

The duties of the court would be to adjudicate differences between nations and it would be competent to act on all cases in which its decision is asked.

The permanent court of international justice is provided for in Article XIV of the covenant of the League of Nations. The Council of the League of Nations at a session in London in February announced that a committee of twelve distinguished international jurists including Elihu Root of the United States had been invited to prepare plans for the constitution of the court. Mr. Root accepted the invitation as did Lord Phillimore of England, Baron de Bylandt of Belgium, Dr. Loder of Holland and M. Venetia of Yugoslavia. His plans are formulated by the committee for the organization of the court have yet been announced.

HEARINGS ON FREIGHT RATES OPEN TOMORROW.

CARRIERS SAY EARNINGS MUST BE INCREASED \$1,017,000,000 YEARLY.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 23.—Hearings looking toward a revision of the freight rate structure of the entire country to meet the country's needs, will be opened tomorrow by the Interstate Commerce Commission.

Recommendation as to rate increases made to the commission by the carriers and which form the basis for the hearing, set forth that to make an income of 6 per cent, the earnings of the roads must be increased by \$1,017,000,000. To provide this sum the roads have recommended that rates in the eastern group be advanced 30.4 per cent, to make a 21.1 per cent addition in income; in the South, 30.9 per cent for a 20.7 per cent larger return; and in the West, 25.9 per cent to yield an advance of 17 per cent in revenue.

BABY NAMED LYDIA E.

Because Her Mother Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"I could not write all my thanks for your blessed medicine, Lydia E. Pinkham's Vegetable Compound, was in a very bad condition and had lost two babies. One of my good friends told me about Lydia E. Pinkham's Vegetable Compound and after I had taken eight or ten bottles I felt like a different woman. I kept on taking it until my baby girl was born last month and we have had her christened Lydia Elizabeth. I wish you to publish my letter to benefit other women who are suffering as I was."

—Mrs. KATHERINE KUSACKER, 1088 Manhattan Avenue, Brooklyn, N. Y.

Women who suffer from any feminine ailment should not lose hope until they have tried Lydia E. Pinkham's Vegetable Compound.

The many convincing testimonials constantly published in the newspapers ought to be proof enough for women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

BORN UNDER BOMBARDMENT.

Her Natal Hour as Shrapnel Fell.

Marchioness Bichi Ruspoli.

In one of the worst air raids experienced in Italy during the war this young noblewoman was removed to a wine cellar as the bombardment raged, and it was in that hour that her daughter, shown with her in the picture, was born.

BABE OF AERIAL WAR COMING TO AMERICA.

ITALIAN MARCHIONESS AND LITTLE GIRL WILL VISIT THE PACIFIC COAST.

(EXCLUSIVE DISPATCH.) NEW YORK, May 23.—Recent announcement from Rome that the Marchioness Bichi Ruspoli would arrive in this country some time in the early summer for a stay at watering places in the south of United States and on the Pacific Coast, recalls the story of her thrilling experience during one of the worst Austrian air-raids over Italy.

The Marchioness will be accompanied to this country by her beautiful little daughter, whose entrance upon this world's stage was given a most martial setting.

A bombardment from a high altitude began one summer afternoon without the usual warning from the anti-aircraft stations. The city was subjected to a rain of bursting shrapnel. It was during the height of the bombardment that the Marchioness was removed from the hospital to a wine-cellar, at a depth of fifty feet below the ground.

Her baby daughter was born there in the candle-light that revealed the ancient wine casks and the faces of anxious servants. The little girl never has had an ill moment, and is an intense little patriot.

GUEST WITH PET LION EJECTED FROM HOTEL.

WESTERNER WHO ORDERS RAW BEEFSTEAK IN NEW YORK SCARES MANAGER.

(EXCLUSIVE DISPATCH.) NEW YORK, May 23.—An average-looking western gentleman appeared today at the Hotel Bellevue, in Upper Broadway, and wrote on the register "Thomas R. Zann, Leavenworth, Kan." He handed the clerk \$7000. "Keep this safe from the big city sharks," he said. "I may need it when I get to Africa. I'm going over on a little pleasure hunt. I am a retired lumber merchant, you know."

Zann gave some orders regarding the delivery of a boxed piano which he wanted placed in his rooms when it arrived, and sauntered on up to his suite.

The piano box was delivered to his room. The porter wanted to unpack, but Zann excused him. A little later the clerk received a telephone order from Zann.

"Send up fifteen pounds of the best beefsteak, raw."

"What?" faltered the clerk. "Fifteen pounds of raw beefsteak, the best in the house," came the reply.

The clerk appealed to the manager. Zann opened the door; the manager stepped in, then whirled around and jumped out. The reason? He had seen a lion staring at him from the middle of Zann's room. The manager insisted he did not bargain to house a lion.

"He's only a pet, just like a dog," said Zann. But the manager was obdurate and Zann agreed to move out tomorrow providing the manager would supply the beefsteak in the meantime, which was done.

PORTLAND FIRE LOSS MAY REACH A MILLION.

(BY A. P. NIGHT WIRE.) PORTLAND, May 23.—Fire today destroyed the North Portland Lumber and Box Company's plant, the abandoned wooden shipbuilding plant of the Guy M. Standiford Corporation, a considerable frontage of decks, more than 1,000,000 feet of lumber and four small dwellings.

The burned area extended for three-fourths of a mile along the river front. Early estimates placed the losses at approximately \$600,000.

This figure, according to a statement made later by Fire Marshal Edward Greenfield, seemed likely to rise to near the million mark when the losses should be fully tabulated. A high wind prevailed.

SLACKER ROUNDUP TO BEGIN IN NEW YORK.

3000 MEN LISTED ON RECORDS TO BE TAKEN INTO CUSTODY BEGINNING TODAY.

(EXCLUSIVE DISPATCH.) NEW YORK, May 23.—All the legal machinery in Brooklyn being put into shape in preparation for the official round-up from Washington to begin a roundup of 3000 men listed as slackers on the records of the Adjutant General's office in Albany. The roundup, which is expected to begin tomorrow, will be conducted by the United States Marshal of the district, James M. Power, and his force of deputies.

U. S. Dist. Atty. Lefroy Ross and his assistants have been busy for the last three weeks preparing the information upon which the complaints are based. Assistant State's Attorney Harwood, who has been assigned by Mr. Ross to take charge of the prosecution, has recently returned from a trip to Washington, where he conferred with officials of the Attorney-General's office in procedure which will be taken.

Warrants will have to be obtained from a Federal judge and turned over to the United States Marshal for execution within the next month, as the statute of limitation would outlaw any action were it to be postponed beyond that time.

UNION LABORERS TOLD HOW THEY MAY VOTE.

(BY A. P. NIGHT WIRE.) WASHINGTON, May 23.—The American Federation of Labor has issued its expected call to the electorate for "an overturn in Congress."

Under the signature of President Samuel Gompers, the current issue of the American Federationist, the official organ, carries an indictment of Congress and the executive departments for "incompetence on the cost of living issue, and outlining a program of 'deep cutting measures.'" declares:

"There must be an overturn in Congress. Enemies must be defeated; friends must be elected." Presenting an itemized list of corporation profits, similar to that recently introduced in a speech by Senator Capper of Kansas, Mr. Gompers declares that, while twenty-one enumerated corporations last year received profits averaging 433 per cent above normal, the average cost of living increased 94 per cent and the average wage 55 per cent.

DOROTHY DIX TALKS

WHO WRECKS THE HOME?

BY DOROTHY DIX.

Are women more avaricious than men? Are women greedier than men? Do women care more for the flesh pots than men? Are women more responsible than men for the increase in divorce and the decrease in matrimony?

A wealthy bachelor answers all of these questions with an emphatic Yes. He says that women marry for money and that they not only regard matrimony simply as a legal ticket, but they demand that it shall be a legal ticket at a fashionable restaurant with a smart cabaret or else they quit. He further deposes that no man with a five-thousand-dollar income can afford to take out himself a wife and says that the reason that he and many other unmarried men he knows don't get married is because they cannot find any sweet domestic young girls who are willing to lead the simple life as their mothers did.

It's a delicate job to settle offhand whether women or men are the home wreckers. To a dispassionate observer it is a question of individuality rather than sex. Sometimes a good man gets a selfish, shrewish, extravagant wife who makes his domestic life a hell on earth. Sometimes a good woman marries a brute who turns their home into an earthly purgatory. Sometimes both husband and wife are self-centered, egotistic, intent only on their personal pleasure and there is the sound in that establishment of crashing china and breaking vessels as they fight it out. Matrimony has its saints and its martyrs, and the victims of both sexes, but take it by and large, there are undoubtedly more women than men who deliberately and unconsciously try to make their marriages a success and to do their duty in the holy state. Men are apt to think that they have done everything that can be expected of them towards making a happy home when they pay the bills and that no reasonable woman could ask for anything more than a wedding ring to keep her in a perpetual state of bliss. As for the charge that women nowadays marry only for money, why, this is the first time in the whole history of the feminine sex when a woman doesn't have to marry for a living. She can make quite as good a one for herself as the average man can offer her.

LETTERS TO "THE TIMES."

Too Many Publications.
LOS ANGELES, May 12.—[To the Editor of The Times:] Among the many things the next California Legislature should do is to amend the law regarding the publication of judicial notices. All such notices published in a daily newspaper, every day, no one reads the flimsy sheets published solely for judicial notices. Such sheets are merely costly calendars—good references for lawyers, but of no use to litigants or the general public. A litigant must buy several of these sheets in order to find the one in which his notice has been published. This is an unnecessary expense, and a waste of time, and, in some cases, the litigant does not get the notice and loses thereby. In divorce cases, the defendant rarely, if ever, sees the notice or knows that it has been published. The word "daily newspaper" should be defined by law as a general newspaper, published for the public, and whose existence depends upon getting judicial notices. There would be no hardship to litigants, on the contrary, it would be a benefit, there is at least one daily newspaper in every important town in California, and several in each county.

From the Librarian.
LOS ANGELES, May 12.—[To the Editor of The Times:] In a recent issue of The Times appeared a communication from Mr. L. C. Perena, suggesting that the Library Board would do well to secure for the new building some site not centrally located, in order to save the expense of providing a downtown site. The argument was advanced that, because the one of the city where land would be cheaper.

Not Pastor Russell.
LOS ANGELES, May 12.—[To the Editor of The Times:] In today's Times there is a statement to the effect that the late Pastor Russell wrote "The Finished Mystery." I am a Christian, and I am a member of the church of which he was pastor. I am not a member of the church of which he was pastor. I am not a member of the church of which he was pastor. I am not a member of the church of which he was pastor.

CLEAN THE BLOOD

Dear grandma may have looked after her health, but she knew she had to marry her bread and butter, for in her days the only honorable work for a perfect lady to do was working a man.

The charge that women care more for the flesh pots than men, perhaps the sexes break even there. It is the curse of our civilization that what used to be luxuries have become necessities, and that our love of comfort and ease is stronger than our love of romance.

Blink the crude fact as we will, it is nevertheless a fact that when we have to pay the price of poverty, and shabbiness, and everlasting self-denial for love, and the possession of a mate and children and home, we balk at the bargain. And men balk more than we do, for men care less for love, and children, and home than women do.

The bachelor with an income that enables him to go in good society and live in luxury does a little thing, and he is a little bit of a playboy, for one of the reasons for his being a playboy is that he has a little bit of a playboy.

If he marries, all of this must be sacrificed. He must live in a small flat, or in a suburban cottage. He must furnish it cheaply. He must live among people who are often ignorant and uncultured. His wife must be a domestic drudge. She must dress shabbily, as he must. He will be asked no more to dine at the caviar and oysters, but he will be asked to dine at the caviar and oysters.

Such being the case, is it any wonder that he takes a long, lingering look at the caviar and oysters, and then decides to hang onto them, and let matrimony go?

But when the bachelor doesn't marry it isn't fair to lay the blame on the girls and say that they demand too many luxuries. No man really considers the woman when he makes his decision to stay unwed. He is considering his own tastes and comfort. He is thinking of his own back and tummy.

Far more women would take the risk of poverty for the sake of love than men, but they never have the opportunity to show that they put sentiment above an automobile, and would rather go clothed in romance than in silk attire.

QUESTIONS ANSWERED

Question: What was the date when the stars fell in Georgia and Mississippi?

A. R. Answer: Probably that was Nov. 12, 1912, when there was a great star shower which lasted five or six hours and was seen everywhere in the United States.

Q: Has Princeton University always borne that name?

A. R. Answer: This school was chartered Oct. 23, 1746, and was called the College of New Jersey, situated at Elizabethtown. It was soon removed to Newark, where the first commencement was celebrated in 1748. A further move to Princeton was made in 1754. It was not until Oct. 23, 1896, that the corporate title was changed to Princeton University.

Q: Please tell me the rulers of the following countries: Japan, China, France, England, Russia, Belgium, Netherlands, Switzerland, Italy and Spain.

A. Japan, Emperor Yoshihito; China, President Hsu Shi-chang; France, President Paul Deschamps; England, King George V; Russia, Vladimir Lenin; Belgium, Albert I; Netherlands, Queen Wilhelmina; Switzerland, President Gustav Ador; Italy, King Victor Emmanuel III; Spain, King Alfonso XIII.

Q: How long did Paul Revere live?

A. G. K. Answer: Paul Revere was born in Boston, Mass., in 1735, and lived to the age of 81 years.

Q: Do relatives of deceased soldiers get the 166 bonus?

A. G. I. T. Answer: The \$60 was paid only to persons honorably discharged from the service, and not to surviving relatives of soldiers who gave their lives during the war.

Q: Can I use the silicate of soda left from water-glass eggs on my garden as a nitrate of soda?

A. D. V. H. Answer: The Department of Agriculture says that silicate of soda left from water-glass solution would have no fertilizing value.

Q: What does I. H. S. mean?

F. W. G. Answer: The initials I. H. S. are the initials of the Latin phrase, "Iesus Hominum Salvator," which means "Jesus, the Savior of Man." This was originally written in Greek and was the first three letters of the name Jesus, but its origin was lost sight of through substituting the "S" for the Greek sigma. Then by mistake the opportunity was taken to find the Greek H (long e) for Latin H, a signification was found for each letter.

Q: How many Irishmen enlisted under the British flag during the World War?

A. R. Answer: According to the Irish National Bureau, a total of 375,592 Irishmen from Ireland served in the British Army and Navy, which was 8 1/2 per cent of Ireland's total population.

Q: Does an American girl lose her citizenship by marrying a foreigner who lives in this country, but who has not taken out naturalization papers?

A. R. Answer: An American woman takes the nationality of her husband. Therefore, she would lose her American citizenship unless the man takes out naturalization papers.

Q: What are the requirements for selection on the grand and petit jury?

A. R. Answer: Every city has a list of men eligible for jury duty. Twenty-four names are drawn from this list. The requirements for a man to serve on the grand jury are that he must be 21 years of age and under 65, must be able to read, write and understand English; must be a citizen of the United States, a resident of the county within which the jury is to act; and must not have been convicted of any crime involving moral turpitude. The petit jury is taken from the grand jury.

Q: Is necessary to get a passport to go to Cuba?

C. V. N. Answer: A passport is necessary and may be obtained from the clerk of your nearest United States Court.

If You Could Only Feel "Acid-Mouth!"

Then you would naturally do everything in your power to come it before it had time to create even the smallest cavity in a tooth. But usually two or three or more good-sized cavities work themselves before you realize that destructive forces are at work in your mouth.

PEBEC TOOTH PASTE

As "Acid-Mouth" is believed to be the chief cause of all tooth decay, it is to be on the safe side and prevent harmful mouth acids by using PEBEC tooth paste. The most scientific and undoubtedly is to have the tooth over carefully by a reliable dentist at least twice a year, and to brush regularly twice a day with PEBEC Paste. There is nothing more to the good looks and health of the face.

Opposition of the Southern Pacific, which declared that it is spending \$150,000 in the improvement of facilities for handling less-than-carload freight in the Imperial Valley, did not convince the State Railroad Commission that G. W. Curphy should be denied a permit to continue in operation the auto-truck line he has been operating between Calipatria, El Centro, Calexico and intermediate points.

In granting Curphy a permit Saturday the commission pointed out that he has as a contact carrier given a service that has developed a need for his line and its operation as a common carrier. There were no complaints against the railroad service at the hearing, but ample praise for the auto service.

EXTENDS CALL TO
WINDY CITY PASTOR.DR. SAMUEL SKEVINGTON OF
FARMED VACANT PULPIT OF
HOLLYWOOD CHURCH.

A call to the pastorate of the Hol-

lywood Baptist Church, one of the

most important of the denomination

in Southern California, succeed-

ing Dr. John S. Skene who recently

resigned to accept a call from Oak-

land, has been extended to Dr.

Samuel Skewington of the Belden

Baptist Church of Chicago, it was

announced yesterday.

Dr. Skewington is expected to ar-

rive here Wednesday to look over

the field. The call was officially ex-

tended last Monday. It was stated

by interested in civic affairs in the

Windy City since his acceptance of

the pastorate there ten years ago.

He is president of a number of civic

organizations and has been promi-

nent in many moves for "Greater

Chicago."

TO SHIP VALLEY
BEANS TO ARMENIANS.

A carload of beans for the suf-

fering of Armenia, the gift of mem-

bers of the First Methodist Church

of Hollywood and others, will leave

Marian, in the San Fernando Valley,

tomorrow on their long way to what

is rather delectably called the Near

East. To celebrate the occasion, there

will be a banquet at noon

tomorrow at the plant where the ship-

pers, the Marian Milling Company. There

are twenty-one tons of the beans

in the consignment.

MEMORIAL SERMON.

[LOCAL CORRESPONDENCE]

REDLANDS, May 23.—The annual

memorial service for the Grand

Army, the Woman's Relief Corps, the

Spanish War Veterans and the

American Legion was preached by the

Rev. Herbert C. Ide at the Con-

gregational Church this morning. It

was a powerful appeal for a realisation

of the great opportunities before

the country today. The members

of the organizations attended the

service in a body.

REVISES COMMANDMENTS.

In the course of a sermon on

"Moses—A Character Study," given

yesterday by Rev. Henry Stauffer at

Park Congregational Church, he

gave the following as an up-to-date

version of the Ten Commandments:

I. One Supreme Being created the

world and governs it righteously.

Thou shalt reverence this Being

supremely and obey His laws. Thou

shalt not make unto thyself any

secondary deities. Thou shalt not

bow down and worship an idol.

Thou shalt not rob thy neighbor

by overcharging him for his food,

clothing or shelter; for if thou do

in any way take advantage of his

necessities in a time of war, know

that thou shalt be surely caught in

the very act and be branded as a

criminal.

Thou shalt not lie about thy

neighbor's financial standing nor

about his private behavior. Thou

shalt not lie about the policy of

the party which thou abhorrest,

nor about the candidate of a rival

party; nor shalt thou lie about the

injurious consequences of the reli-

gious beliefs which thy neighbor

cherishes.

Thou shalt not covet. Permit not

the desire for gain to become in-

tegrated with the desire to be in

the unbridled passion that shall

rush thee to certain ruin.

Take heed lest this desire change

thee from an honest, sober-minded,

industrious member of society into a

reckless plunderer and gambler; for

if this lot befall thee thou shalt lose

peace of mind, and shalt become to

all men a danger signal instead of

a guide to success.

These commandments are in force

in Palestine, Germany, California

and throughout the world under all

circumstances.

LITTLE GIRL IS SHOT.

Children and firearms again failed

to get along well together yesterday

morning when Henry Doherty, age

11 years, of 7517 South Figueroa

street received a bullet wound in her

forearm and side when a gun in her

brother's hand was discharged ac-

cidentally. After being treated at the

Receiving Hospital, the little girl

was taken to her home.

Thou shalt conscientiously con-

trol thy sexual instinct, both for thy

own sake and for the sake of the

human race to which it vitally re-

lates thee.

VIII.

Thou shalt not steal. If thou

art an employer thou shalt not op-

press an employee of his self-respect

of his wages. If thou art an em-

ployee thou shalt not rob thy em-

ployer and society by looting on the

job.

Thou shalt not rob thy neighbor

by overcharging him for his food,

clothing or shelter; for if thou do

in any way take advantage of his

necessities in a time of war, know

that thou shalt be surely caught in

the very act and be branded as a

criminal.

IX.

Thou shalt not lie about thy

neighbor's financial standing nor

about his private behavior. Thou

shalt not lie about the policy of

the party which thou abhorrest,

nor about the candidate of a rival

party; nor shalt thou lie about the

injurious consequences of the reli-

gious beliefs which thy neighbor

cherishes.

X.

Thou shalt not covet. Permit not

the desire for gain to become in-

tegrated with the desire to be in

the unbridled passion that shall

rush thee to certain ruin.

Take heed lest this desire change

thee from an honest, sober-minded,

industrious member of society into a

reckless plunderer and gambler; for

if this lot befall thee thou shalt lose

SPEAKS TO VETERANS.

Pastor Commands Warfare if it is to

be a Righteous Cause.

When there is no other logical

way out of it, so to war for a

righteous cause. This was the key-

note of an address delivered yester-

day by Rev. S. W. Gage of the Bel-

vedere Baptist Church to the mem-

bers of the Bartlett-Logan Post and

Corps. The church was filled to its

capacity.

Speaking on "The Glorious War-

fare and the Great Reward," Rev.

Gage reviewed American his-

tory from the days of the Puritans,

who came here and founded a coun-

try for God and man. "The day of

Henry Clay, who worked a lifetime

to abolish slavery without blood-

shed. The Rev. Gage summed up

the battle for righteousness by say-

ing that those who are not against

wickedness are not for right.

"STEALS" OWN AUTO.

Girl Explains Matters and Now the

Charge is Inebriety.

Arrested early yesterday morning

for stealing an automobile which it

later developed he rented on shares

with Miss Marion Parker of 1234

Innes avenue, Billie Armstrong, a

comedian, remained in the City Jail

until Miss Parker explained matters

to the police.

James J. Gribben, who was also

booked, as an actor, was with Arm-

strong and also was taken into cus-

tody. The charge against them of

grand larceny was changed to in-

sobriety and they were released on

\$20 bail.

STEALS JEWELRY.

Using her apartment key while

she was visiting with friends, a

burglar entered the rooms of Mrs.

J. H. Hine of 545 East Third street

yesterday morning and stole jewelry

valued at about \$200.

Train Held for Robbers.

A pair of robbers built their nest

in a freight car, and just as the

train was about to leave Chicago, the

robbers were taken into custody. The

train men, after consultation, tele-

graphed the situation to headquar-

ters, and the order came instantly

back to hold the train. The robbers

were able to leave the train.

SILVER

THE METAL OF OPPORTUNITY

Experts who have thoroughly analyzed the Silver situation of the world are unanimous in the opinion that SILVER, THE KING OF METALS, will not decline below One Dollar an ounce during the course of the next twenty years. Senator Pittman

try, like stated: "The demand for the metal is outstripping the current production by 100 per cent; in fact, it has done so for the last seventeen years."

The United States Government has guaranteed to purchase 300,000,000 ounces of Silver from the American producers of the metal for not less than \$1.00 per ounce, which would be the total production of these United States for the next four years, leaving no surplus whatsoever for the enormous demand for the metal from any other source.

It has been estimated by competent authorities that the present Silver consumption of the world is at the rate of 800,000,000 ounces per year, whereas, the production of the entire world averages but 175,000,000 ounces per annum.

A complete resume of the Silver situation may be obtained by writing, calling or phoning for our booklet, "SILVER IS KING."

SERVICE

The strong financial support in yesterday's market is indicative of the true value of American securities, and is ample evidence that the financial institutions of this Country will not allow a decline in the Securities market to overwhelm itself. There has been no decline in the prices of commodities necessary for American industry and there should be a rally in the securities of corporations supplying these necessities. We would suggest that investors consider purchases of railway equipment, foodstuffs, oils and stocks of companies manufacturing building materials, etc., and will be glad to extend the benefit of our experience in the selection of these securities. We will carry high-grade securities on margin or under the terms of the "MONTHLY PAYMENT PLAN" and will be pleased to correspond regarding this phase of the business.

FLASHES. REVIEWS.

ROGERS'S STOCK SOARS. NEW TRIANGLE THEME.

"JES' CALL ME JIM" CARRIES STRONG HUMAN THEME.
By Grace Kingsley.
Handsome heroes for sale or to let? Quicker here faster do change! Just a few months ago we couldn't bear a picture lead over 25 nor one that didn't resemble the chap in the tailoring advertisements in magazines. Now we like 'em rugged and rough and a bit irregular in their looks.
Maybe the war did it. It sounds queer, anyhow, to say this, but many of the handsome heroes had nothing to offer but a profile plus clothes as good as the old-time bartender could afford to wear.
Regarding the new type—take Will Rogers, for instance. I'm sure if a vote were cast he'd pick high among the five most popular screen stars of today with the high-water mark not yet reached, either, or I miss my guess, for he gets more and more used to the screen. He has the proud distinction of being the homeliest hero in the world, and he ambles through his pictures in his shirt sleeves.
But he has that marvelous something called personality; he is vividly expressive in his every word and gesture. Besides, his voice that keen wit of his through the humorous subtleties which accompany his stories, and let anyone who says he is not an actor take a peep at that prayer-healing scene in "Jes' Call Me Jim" at the California, and then see what he says about a poor crazy inventor kept in a hell-hole of an asylum and of his rescue by the hero and heroine. To be sure, that rescue was highly ingenious and I wonder whether it was the original author of the story, J. G. Holland, or the adroit adapter, Thomas Buchanan, who thought of it. At any rate, there is humor as well as suspense in the mock ghost scene, and the villain is made to believe he has seen a specter and shoots blank cartridges at it.
Speaking of the crazy inventor, with pathetic appeal and real feeling for drama the role was played by Raymond Hatton. Such a small part, too, but Hatton makes you remember it. Why in the world is this accomplished actor not starred? He really is one—why not give him the title and the salary? Little Jimmie Rogers was cute as the inventor's baby son; Irene Rich was lovely as the sweet and characterful heroine, while the remainder of the cast, including Lionel Belmore, Bert Spottle, Nick Costley and Sydney De Grey, were entirely adequate.
Clarence Badger was the director and while there were moments when the continuity seems a bit jumpy, he has more than made up for that by producing the freshest and most vivid picture Goldwyn has made in a long time.
The music is completely in harmony with the picture; Ariel Gussalla dances with much charm and abandon and with very few clothes in "The Wicked Genie." Louise Sullivan has a beautiful role both of comedy and violin and the comedy number is amusing.

"GYPSY TRAIL" MERRY PLAY OF ROMANCE.
Leading their audiences on a merry excursion into the province of romance is what the Wilkes Stock Company does this week in "The Gypsy Trail" at the Majestic Theater. How much you will enjoy the journey will depend altogether on your possession of a harmonious viewpoint, for the cleverness of their piece, which is generally well sustained, weakens at times through overtalkiness. Still "The Gypsy Trail" averages the kind of entertainment that will please the majority of theatergoers and should insure for it a run of two or three weeks. Following this, the advance notices inform us, the company are to undertake another excursion, this time into the realm of musical comedy. They are to give "Oh Boy" with book and lyrics by Guy Bolton and Jerome Kern, and a chorus by California. But that's getting far away from the present subject, which is "The Gypsy Trail" and the girl proves in the end to be his friend.

WOMAN IN TWENTY-NINE NOT SO MYSTERIOUS.
Maybe Universal and the Superba are counting on the name, "The Girl in Twenty-nine," to draw. It certainly does sound all the more. And we have heard so much of women in rooms from "Up in 22" to "The Woman in Room Thirteen," along the song line.
But the girl in twenty-nine isn't that kind of a girl at all! She is as nice and proper as one could wish. The story starts off in an engagingly mysterious manner, with a young man catching sight of a girl by means of a double projection in his mirror, which Guy Bolton clearly around the corner of the street from him. She is about to shoot herself seated at the open window, and he figures out the mathematics of the mirror angle shift in a manner so rapid that it's a wonder he didn't figure out some other things. He runs over and stops her, and from then on finds himself hounded by a gang of mysterious gentlemen, whose mission in life, it seems, is to get innocent people for no reason whatever to shoot themselves, though the gang seems to catch on to their own. The hero gets deeper and deeper in trouble, but never thinks to tell the police.
Maybe, even though the story is the stuff that serials are made of, you may find entertainment in it, if you don't chance as I did to guess the end. It's made after a certain recipe, and after you've seen a few dozen pictures of the sort, you can't miss guessing it. Frank Mayo, Claire Anderson, Harry Hilliard, Elliott Fair and the others of the cast do as well as could be expected in puppet roles.

How Should he Know?
Looking for a great lover is what Violet Heming, who comes to the Majestic tonight in "Three Faces East," has played the role in New York and the East during several seasons. She has scores of friends here, and will dine and tea without rest. She expects to make a trip to Catalina.

SPECIAL HAS FOUR. COMEDY COMPANIES.
Carrying on a campaign of expansion the recently formed Special Pictures Corporation has started four comedy companies at work at the Special Pictures Studio at Long Beach. All four companies are producing under the supervision of Edward Laemmle, director-general.
In order to produce the best type of short reel fun fests President Louis W. Thomson has allowed each director four weeks in which to make a 1400-foot comedy to be used each week in the Comedyart release of Special Pictures.
Present plans for expansion indicate that within a short time the Special Pictures Corporation will be issuing three releases of short reel subjects weekly.

ON CATALINA LOCATION.
Margaret McWade has left for Catalina Island, where she is making some scenes in support of Wanda Hawley's new Reelart production.

ing that there is a fair share of entertainment in the picture, enhanced by the appearance of the alluring Miss Thomas.
"Idol Dancer" Repeats.
A second showing of D. W. Griffith's fantasy of the South Sea Isles is drawing large audiences to the Garrick Theater this week. Mr. Griffith's picture is very alluring in its scenic beauties that are background for a story of love and intrigue. Glimpses of the barbaric customs are highly interesting. Richard Barthelmess, the late Clara Seymour and others have principal roles.
